MONKEYPOX: CLINICAL CHALLENGES

STI UPDATE

SEPTEMBER 29, 2022
8 AM – 12 PM (CST)
FREE, LIVE WEBINAR

Course Description: This is an in-depth look at the challenges and opportunities presented by the current Monkeypox virus (MPV) outbreak and a review of the most recent data.

Course Objectives: At the end of this course, participants will be able to:

- * Describe the epidemiology and characteristics of the current MPV outbreak.
- * Discuss early identification and treatment of MPV.
- * Discuss equity-based approaches and strategies for vaccination.
- * Apply infection prevention principles to MPV care.
